| 1- Thuja plicata `Wripcord` | (Green stringy thing in 2 nd picture) |

We suggest customers be told to put plants in a cooler place after holidays, like a garage or cold frame for the rest of winter. Plants are all in a 4 inch regular pot. All come with a tag telling your customer the name and growth information. Each plant has a black weed mat, which on request can be topped with white granite. Plants will be shipped UPS ground to your store. Shipping, Boxing, and handling come to \$25.00 for most of the Northwest and \$40.00 for Midwest and east coast. This is just an estimate for your convince. The Holiday Tree Mix is \$90.00 a box. Just E-mail with number of boxes or different combinations equaling 15 to a box.
